

TDD Task Group

Monday, March 26th – Conference Call Notes

11:00AM EDT

Chair: Dave DeBlock – ODL

1. Chair called the meeting to order (D. DeBlock, M. Bhandari, M. Thoman, P. Jaster, J. Feudner, J. Eisele, R. LeBrun and S. Hanlon (NFRC Staff) present)
2. Roger LeBrun appointed recording secretary
3. Business
 - a. TDD U-Factor Testing – NFRC 100 / 102

NFRC 100 & NFRC 102 ballot language:

 - i. Michael Thoman proceeding with revisions to NFRC 100 & NFRC 102 in regards to “approve with comment” editorials received. Expected to be completed by our next meeting.
 - ii. TG revised the NFRC 100 in regards to editorial changes resulting from the meeting in Austin. (Section 5.4.4.1.1; 5.4.4.1.2, & 5.4.4.2)

New TDD Product Type:

 - iii. A drawing of a “Hybrid Tubular Daylighting Device” (HTDD) was reviewed and approved in concept. LeBrun agreed to work on the various NFRC document revisions necessary to implement this new Product Type. The goal is to develop a ballot for Technical Subcommittee action in Denver.
 - b. VT project scope
 - i. Paul Jaster agreed to share the rationale for the test parameters we will propose in the detailed “Interim TDD VT” project scope. We will try to finalize the project scope at the next meeting.
 - ii. Jaster asked about VT testing of the new HTDD, and whether this needed to be included in the project.
4. Next meeting scheduled for 11:00AM EDT(8:00 AM PDT), Monday, April 9th
 - a. Steve Selkowitz (LBNL) needs to be part of these meetings as we finalize the project.
5. The meeting was adjourned at 12:25PM
