

Condensation Resistance Subcommittee
Wednesday, November 7, 2007

Under the Technical Committee Block: 8:00 a.m. – 12:00 p.m.

Chair: Jeff Franson, Mikron Industries, Inc.

Vice-Chair: Kevin Vilhauer, Milgard Manufacturing, Inc.

1. Call to Order 8:15AM
2. Deb Callahan appoint Recording Secretary
3. Agenda reviewed and approved as presented
4. Minutes from July 2007 meeting (Denver, CO) approved as presented
5. Reports
 - a. Condensation Resistance pamphlet/brochure working group – Jeff Franson
 - J. Franson provided final recommendations of working group as follows:
 - i. Keep test methods as shown
 - ii. Reference CPD in relation to table on glazing wall systems
 - iii. NFRC Staff to see if next years budget has the ability to hold a focus group or may find a means to gather architect's reviews of the pamphlet.
 - iv. Finally, hand back to NFRC staff to work on final format, address review with architects/potential customer base, and then move it onto counsel and to publication
 - Discussion:
 - i. It was recommended that the CR abbreviation not be used.
 - ii. J. Hayden – wants brochure to be balloted, not comfortable with just staff review prior to release.
 - iii. J. Baker recommended that this will be sent out one more time for ballot/review. Cover letter from J. Franson will be sent out with ballot.
 - b. Condensation Resistance discussion with CSA working group – Jeff Franson
 - i. J. Franson recommended that a working group to address these issues as well as 2009 document review (including members of CSA) be created. Additional individuals to volunteer for the group: M. Thoman, G. Hildebrand, G. Riopel, M. Hanam, and W. Lichtenberger.
6. Unfinished Business - none
7. New Business - none
8. Adjourn – 8:35AM
