

NFRC 2008 Spring Membership Meeting
March 3 – 6, 2008, Nashville, Tennessee

MINUTES

Condensation Resistance Subcommittee

Wednesday, March 5, 2008

Under Technical Committee Block: 8:00 a.m. – 10:30 a.m.

Chair: Jeff Franson, Mikron Industries, Inc.

Vice Chair: Kevin Vilhauer, Milgard Manufacturing, Inc.

1. The chair (Jeff Baker served temporarily) called the meeting to order @ 10.10 am.
2. The chair appointed Ray McGowan (NFRC Staff) recording secretary
3. Reports
 - a. Scott Hanlon reported that the WG for the 500 has met and will be considering the following for the 2009 document cycle: simplification; possible CSA harmonization; the renumbering of the 500UG as the NFRC 501; possible calculation of the Temperature Index (TI) value; and all terminology will be moved to the NFRC 600. The WG intends to have a ballot ready for the July meeting. The WG is looking for a chair and more attendees to help with the 2009 document cycle.
 - b. The pamphlet work group has a ballot to discuss at the meeting.
4. New Business
 - a. Condensation Resistance Working Group Factsheet ballot
 - a. **MOTION:** J. Hayden / T. Culp move to recommend to the Technical Committee that purview of the Condensation Factsheet be transferred to the Regulatory Affairs and Marketing Committee. Motion passes by unanimous voice vote.
5. Meeting adjourned at 10:35 am.
