

NFRC 2009 Fall Membership Meeting
November 16-19, 2009, San Antonio, TX

Meeting Minutes

Applied Film Task Group

Monday, November 16, 2009

Under Attachments Block: 8.30 to a.m. – 10:30 p.m.

Chair: Darryl Smith

1. Ballot negatives – summarization
 - a. Stated the number of approvals and disapprovals for each document submitted
 1. Disapprovals
 - i. 100 - Films should be handled in a standalone document
 - ii. Proposes a different set of reference windows – same as those presented for the 100A ballot by Nils Petermann
 - iii. Comment – this applied films TG is very willing to begin the process of moving to the attachments TG documents when the base reference windows are approved and the standards are in place
 2. 700 – Negative stated that the label should show the base case windows with and without the film.
 - i. Residential and non residential terminology should be drop
 - ii. A different set of reference windows should adopted – like the ones proposed for the 100A
2. Adjourned
