

Development of Condensation Resistance Procedure for the Component Modeling Approach PMTG Conference Call Notes

Date: 5/6/10

Attendees: Ray McGowan, Charlie Curcija, Kevin Vilhauer, John Lewis, Mike Thoman

1. The PMTG approved the second partial payment for task 3 completion with the expectation that no additional funding is required to redevelop tasks 1, 2, and 3 based on recent findings of the research.
2. Recent findings were given to LBNL for further investigation into import of CR information from THERM to WINDOW.
3. Final report is contingent upon LBNL "fix" of this issue.
