	<u>APPROVE w/ COMMENT</u>		

The CMA Labeling Task Group has developed the following glazing system supplier label certificate format for use with the CMA Certification Program, to be used with the finished glazing system (e.g., IGU).

When is this used? I cannot find reference in the CMA PCP to a label certificate for a component part. I do not have any issue with information or layout of the certificate, just its intended usage.

Signature: _____ **Date:** 2-19-2007
