Date: 11/3/10, 10:00 am EDT

Attendees:

Jen Padgett	Mahabir Bhandari
Joe Hayden	Michael Cienian
Joe Jonely	Michael Sagan
John Dollar	Mike Nau
John Gant	Myrna Pula
John Lewis	Nils Petermann
Kara Stoddard	Rob Simons
Kerry Haglund	Roger LeBrun
Nelson Pena	Steve Hebeisen
R. Watkins	Tom Culp
S. Poetsch	William duPont

Chair M. Cienian called the meeting to order at 10:05 am EDT.

NFRC 100A Ballot Review:

Response 002 – Darrell Smith (Approve with Comment) Motion to be made next week at the meeting for it to be found persuasive and editorial.

Response 006 – Marles McDonald (Negative). Rob Simons talked with Marles McDonald. Marles has agreed to withdraw his negative with the understanding that this matter be re-addressed after sufficient testing has taken place (approximately one year).

Response 007 – Tom Culp (Negative) Tom said his negative is editorial and the ballot can go through. Motion to be made next week at the meeting for it to be found persuasive and editorial.

NFRC 100 Skylight Ballot

No negatives. Willie duPont, Roger LeBrun & Dennis Anderson were recognized for their contributions and work.

NFRC 200A Ballot Review:

Response 002 – Nils Petermann (Approve with comment): identified a grammatical error. Motion to be made next week at the meeting for it to be found persuasive and editorial.

Response 004 – Darryl Smith (Approve with comment). Motion to be made next week at the meeting for it to be found persuasive and editorial.

Response 005 – Steve Selkowitz (Approve with comment). NFRC staff to communicate with Steve and request withdrawal with the understanding that 100A would be revised per guidance of LBNL.

NFRC 100A, 200A & Skylight Ballot Review

Response 007 – Mahabir Bhandari (Negative). Mahabir is willing to withdraw the negative so that the ballot can go forward.

Response 006 – Marles McDonald (Negative). Rob Simons talked with Marles McDonald. Marles has agreed to withdraw his negative with the understanding that this matter be re-addressed after sufficient testing has taken place (approximately one year).

New Business:

Willie duPont – base case window, test methods – quality control issue (102, 201)

Willie duPont – how the actual attachment is installed?

There being no further new business, the meeting adjourned at 10:45 am EDT.
