

Meeting Minute Recording Sheet

Name of Meeting:	CMA Val T9
Chairman:	
Recording Secretary:	
Call to Order: Date -	Time -
Roll Call:	
Approval of Previous Meeting Minutes:	
Business of Meeting: (MINUTES recorded on the following attached pages)	See ^{Comments} 4
Reviewed proposed CMA Valuation language - MT (AM)	
FRAMING PRODUCT LINE - Definition	
- overlap betw. product lines? - corp Grouping?	
- possibly, but need to clarify language that works w/ white product vs. ckh piece - keep in mind	
- 5 HEADS, 2 SILL, 3 JAW, etc. - M. MCCORMACK	
- possible grouping scenario	
- Is language needed for Group Leaders? - not currently in language.	
Test Procedures	
- 5.6.5.6.1 A - NO variance from Model Size - Possibly lack?	
B - Removable screens - beams TEST ONLY?	
Modifiers	
- 5.6.5.6.3 A - who makes this determination that it is groupable - MT \Rightarrow Simulator	
- Corp - Add to framing product line	

- What is Missing?

- Validate Custom or Complex Products? - MM-TMCO

- If frames are in bucket - no val. needed
This is purely for Pre-bidlet + frame Val.

- Not sure what will be listed on Certificate - ex: CARU
for rate of 100's of framing mbrs - most likely
more of a grossing role + NOT Validation.

- We need to do Phys. Testing of Simulation + Standards J.L-AAMA
The Simulation Methodology.

- Is there any or do we have more research - SK-TMCO
about Validation process

- the data in CPD is worthless b/c it does not
show Validation problems

- Can frame Emis 0.9 vs 0.2 be in the same
line? - D.V. - QFI
- currently in Jilly bullet

- TGFR to be used
