

Meeting Minute Recording Sheet

Name of Meeting:	CMA Technical Task Group	
Chairman:	Sach Kumar	
Recording Secretary:	Arun Kishore	
Call to Order: Date -	030728	Time - 10:40
Roll Call:	✓	
Approval of Previous Meeting Minutes:		
Business of Meeting: (MINUTES recorded on the following attached pages)		
Resolved Issues -	per overheads (enter on minutes page)	
Unresolved Issues		
- complex systems		
etc -	per overheads (enter on pgs)	
Comments by Frank Fisher & Tom Culp	on complex products.	
Discussion about size - larger	sizes needed because they better characterize what is built & NFRC sizes penalize because large frame/glass ratio gives poorer U-value	

Combination Windows -

- Frank Asher speaks to need to get process/discussion going on these products.

CMA Technical TG Ballots:

Classification on Generic Sealant 1 & 2 should be renamed to Generic Primary Sealant & Generic Secondary Sealant Resistant - more discussion

PFD discussion - Tom Culp suggestion

Remainder of ballots discussed & committees given opportunity to speak to their negatives.

Much discussion about frame U-values & lack of edge of glass U-values

Table 5.6.5 Discussion

- opinion that skylights not be grouped w/ sloped glazing

Met adjourn @ 11:35
