

Memorandum

Date: May 11, 2009
TO: NFRC Laboratories and NFRC Inspection Agencies
FROM: Scott R. Hanlon
NFRC Senior Programs Manager
SUBJECT: CPD v2.0.12 posted to Production Server

Hi Everyone:

This memo will provide details about version 2.0.12 of the CPD deployed to the production server.

Uploading spreadsheets to the Attachments Product Directory (APD)

Previous modifications to the CPD altered the APD ability to accept spreadsheets. The deployment of version 2.0.12 resolves this issue. The simulator shall still use the same APD upload spreadsheet, which is located on the NFRC website at: <http://www.nfrc.org/CPDInfo.aspx>

CARs produced for simulation only product lines

CARs can now be printed for simulation only product lines which do not contain validation data.

If you have any questions, please feel free to contact Sherri Wendt (swendt@nfrc.org) or myself at your convenience.

Sincerely,

A handwritten signature in blue ink that reads 'Scott Hanlon'.

Scott R. Hanlon
