

# Meeting Minute Recording Sheet

Name of Meeting:	DOOR TASK GROUP.	
Chairman:	STEVE JASPERSON	
Recording Secretary:	RW	
Call to Order: Date -	11-29-05	Time - 11:15 AM
Roll Call:	SUN & SECT	
Approval of Previous Meeting Minutes:	APPROVED	
Business of Meeting: (MINUTES recorded on the following attached pages)		
SAVE THE BLOCK - LABELING DOORS		
REVIEW DATA IN DATA-BASE & LOOK AT BETTER WAYS TO SIMPLIFY LABELING		
SUE RULLY - REPORTED ON APPROACH TO UNDERSTANDING DATA INFORMATION IN DATA BASE STILL RAW & DIFFICULT TO UNDERSTAND TRENDS AS DATA BASE MATERIALS WILL REVIEW AGAIN.		
PROPOSED GOING TO CURVED FIT (LIKE COMMERCIAL) TO STANDARDIZED RECOMMENDATIONS		
① CHANGE PROD HT. TO 2100 mm (83") FROM 2000 mm		
② REVISE GLAZING SIZES. SO THEY ARE CONSISTENT		
③ USE INSULATED DOOR MODEL AS MASTER REFERENCE THEN BOTH INSULATED & OUTSULATED		
MAINTAIN 4 SIZES OF CLASS FOR TESTING. SUEC CHANGES IN HEIGHT PROPOSED (SEE REPORT).		
U-FACTOR - DEVELOPE 10-EFF LIBRARY FOR WINDOWS		
HAVE FIXED EQUATIONS FOR SIFGC & UGT - WILL SIMPLIFY PROCEDURE.		

CONCLUSION: - RECOMMEND THE NFRC DATA BASE  
SELECT DOOR & LIGHT KIT WITH OTHER ITEMS  
BEING DEFAULT & PUT OUT LABEL  
LABEL MATRIX DOES NOT REQUIRE SPECIFIC DATA  
TO BE RECORDED!

→ BAR-CODE ON DOOR & LIGHT KIT TO BE SCANNED  
& PRODUCE SPECIFIC LABEL AT PRE-HANGERS LOCATION

Recommended by Jeff Baker

REVIEW DATA BASE TO UNDERSTAND WHAT  
STRUCTURE IT WOULD REQUIRE TO HANDLE COMPONENT  
BASED INFORMATION

#### MOTION

PRATC WORK COMPLETE & SEE RECOMMENDATION ABOVE

STC - MOTION - STEVE JASPENSON

S - Dave DeBlock

& SEND RECOMMENDATIONS TO RESEARCH.

VOICE VOTE - MOTION CARRIED!

SUGGESTED TO TAKE TO AIAA MEETING
