

**Garage Door / Rolling Door U-Factor Task Group
Meeting Notes**

**Denver, Colorado
July 23, 2007
8:00 AM – 9:00 AM**

Chairman: Joe Hetzel, PE

- 1) Call to order: Meeting was called to order at 8:05 AM by Joe Hetzel. Joe welcomed everyone and reminded everyone about the Antitrust rules.
- 2) Marcia Falke volunteered to be recording secretary.
- 3) Agenda was reviewed and approved.
- 4) November 2006 meeting featured a discussion of recommendations from DASMA project. ETC had prepared simulation steps documents and Mike Thoman had reviewed the material. The task group felt that the recommendations were suitable for inclusion in the NFRC simulation manual.
- 5) Joe announced that as of March 2007, reports for both ASHRAE and DASMA research projects were complete and available for NFRC work.
- 6) The task group agreed that their final step would be to submit recommendations for balloting of NFRC 100, NFRC 102 and maybe NFRC 200.
- 7) Action Item: Simulations: NFRC staff (Scott Hanlon) to send out DASMA simulation reports, simulation steps prepared by ETC, and ASHRAE report to all NFRC accredited simulation labs for review and recommendations. Recommendations would also be solicited from simulation laboratories regarding glazing, since such content would be needed in NFRC 100.
- 8) Action Item: Testing: Gilbert volunteered to review DASMA Project and identify differences with the ASHRAE project. Willie said he would forward to Gilbert his comparison of ANSI/DASMA 105 and ASTM E1199.
- 9) Meeting adjourned at 9:00 AM.

Respectfully submitted by,

Marcia Falke
