

NFRC 100-Section 5.6 Ballot [\(click here to access the original proposed ballot\)](#)

Legend:

AC :Approve with Comment

NEG: Negative response with Comments

**NFRC Ballot Comments through November 2, 2009
Technical Committee – CMA Technical Subcommittee**

Company Name, Rep Initials	AC/ NEG	Section and/or Page #	Comment/Alternate Language
Architectural Testing, MT	NEG	In General	This section does not differentiate it's use for non-residential purposes and implies it may be used for all products (including residential). I do not believe that this was the intent. The title change to the section has created this confusion and should be reverted.
