

August 28, 2006 Conference Call

## Minutes

### **NFRC 103 Task Group**

Monday, August 28, 2006

4:00 p.m. – 5:00 p.m.

Chair: *Peter Lyons*

---

Peter Lyons (chair), Bipin Shah, Willie du Pont, Werner Lichtenberger, Joe Hayden, Charlie Curcija, Mike Thoman, Marles McDonald attended the call.

Ray McGowan recorded the notes.

NFRC 101 was discussed briefly focusing on additional ASTM test methods it might reference. An NFRC 101 TG was formed with Willie du Pont chairing. Participants: Peter Lyons, Mike Thoman, Charlie Curcija, Marles McDonald

- NFRC 101 testing requirements will be reviewed by Willie du Pont and Bipin Shah.

NFRC 103 and the newly required interlaboratory testing requirement were discussed. Peter Lyons will investigate current optical properties requirements for data submission that might assist NFRC 103 interlaboratory requirements.

Next conference call is on September 25 @ 4 pm ET.
