

2010 NFRC Membership Application

National Fenestration Rating Council, Incorporated
6305 Ivy Lane - Suite 140 - Greenbelt, Maryland 20770
Tel: (301) 589-1776 Fax: (301) 589-3884
www.nfrc.org

The National Fenestration Rating Council, Incorporated (NFRC) develops and administers comparative energy and related rating programs that serve the public and satisfy the needs of its private sector partners by providing fair, accurate, and credible, user-friendly information on fenestration product performance. Our members consist of representatives from fenestration product manufacturers, major trade organizations, state energy offices, research organizations, utilities, specifiers, builders, testing laboratories, energy consultants, and public interest groups.

In addition to supporting the NFRC mission and gaining access to a unique network of fenestration energy performance professionals from around the world, membership in NFRC also gives your organization benefits unique and important to the energy focused fenestration industry:

- **Earn Consumer Trust:** Consumers value and recognize manufacturers who belong to NFRC: knowing this support is a commitment to NFRC's focus on energy efficient research & development and trust the independent/non-biased nature of its structure;
- **Be in the Know:** Stay on top of the NFRC program progress – through the NFRC Insider detailing subcommittee/task group progress, industry news, among other essential information;
- **Make a Difference:** Obtain voting rights and a voice in how the NFRC rating and labeling systems works;
- **Grow your Influence:** NFRC membership gives you an opportunity to assume leadership positions on committees and subcommittees; eligibility for election to Board of Directors;
- **Tool Box at your Fingertips:** Receive access to Web-based services such as online balloting, document management, energy code information, and meeting registration. Member companies also receive discounts on product certification and meeting registration.

**Indicates required information*

*Organization Name: _____

++Applicants will become active after receiving notification of approval from Membership Committee within one month of application. Prorated membership fees will be billed upon approval. Note: Dues are non-refundable.

NFRC's 2010

Membership Categories and Dues Schedule

Membership in NFRC runs from January-December each year. Applicants will be billed prorated fees upon membership approval.

All NFRC members must belong to one of the designated membership categories described below. Please review these categories carefully and select the category that you believe best describes your organization. Please note that any organization qualified for the Fenestration Industry category and another membership category will be placed in the Fenestration Industry category. In addition, any organization that qualifies both in the Lab category and another membership category will be placed in the Lab category. Please also note that NFRC's three basic membership categories correspond directly with the three categories established for NFRC's Board of Directors. Therefore, representatives of NFRC members are eligible to run for Board seats in the same category as their organization's membership category.

NFRC's Board of Directors must review and, as appropriate, approve your organization's admission to NFRC membership and your organization's membership category. The Board may ask for additional information to confirm the most appropriate membership category for your organization.

Fenestration Industry

Mbr-1: Fenestration Manufacturers and Suppliers	<i>See dues schedule below</i>
Defined: Organizations with significant involvement in the manufacture, sale, or distribution of fenestration products, components, or supplies to the industry.
