

2012 NFRC Membership Application

National Fenestration Rating Council, Incorporated
6305 Ivy Lane - Suite 140 - Greenbelt, Maryland 20770

Tel: (301) 589-1776 Fax: (301) 589-3884

www.nfrc.org

The National Fenestration Rating Council, Incorporated (NFRC) develops and administers comparative energy and related rating programs that serve the public and satisfy the needs of its private sector partners by providing fair, accurate, and credible, user-friendly information on fenestration product performance. Our members consist of representatives from fenestration product manufacturers, major trade organizations, state energy offices, research organizations, utilities, specifiers, builders, testing laboratories, energy consultants, and public interest groups.

In addition to supporting the NFRC mission and gaining access to a unique network of fenestration energy performance professionals from around the world, membership in NFRC also gives your organization benefits unique and important to the energy focused fenestration industry:

- **Voice and Vote:** Obtain voting rights and have a voice in developing NFRC rating and labeling systems.
- **Save Money:** Member companies pay less for product and glazing certification and meeting registration.
- **What's New for Windows, Doors, and Skylights:** Stay on top of the NFRC program progress – through the NFRC *Insider* detailing subcommittee/task group progress, industry news, and other essential information.
- **Tool Box at your Fingertips:** Receive access to Web-based services such as online balloting, document management, energy code information, and meeting registration.
- **Grow Your Career:** NFRC membership gives you an opportunity to assume leadership positions on task groups, subcommittees and committees and become eligible for election to Board of Directors.
- **Earn Consumer Trust:** Consumers value and recognize manufacturers who belong to NFRC: knowing this support is a commitment to NFRC's focus on energy efficient research & development and trust the independent/non-biased nature of its structure.
