

Validation Testing Task Group
NFRC Summer Meeting, Baltimore
Monday, July 20, 2009
Chair: Sneh Kumar, TRACO

1. Sneh Kumar, chair, called the meeting to order at 11:05 am
2. Steve Harp from Alside Inc., agreed to take notes.
3. The agenda was reviewed and approved.
4. Sneh kumar updated the group on the work of task group so far.
5. Discussion on the QC program related to proposed changes to PCP - Section 5.6 followed.
6. Randy from QTI questioned the scope of the TG as it pertains to discussing changes to QC program with respect to proposed changes to PCP 5.6
7. It was decided to get the approval of CPC to have TG look into recommendations
8. TG looked in to the proposed language for NFRC 100 validation test matrix.
 - a. For 'same product type' no changes from the TG – language will be forwarded for ballot.
 - b. Discussion on a proposal to change requirement for different between same product type to 0.02 or +/-5% from 0.01.
 - c. Joe suggested technical back-up for such a change.
 - d. Discussion on a proposal for 'multi-purpose products' - Randy expressed concern over mixing product type. Many members said they wanted to look deeper in to it. Sneh will ask for direction on this proposal at the next TG meeting.
9. Next TG meeting date & time will be coordinated with the TG member
10. Task Group meeting adjourned at 11:30 am.
