Roll Call:	_____		
Approval of Previous Meeting Minutes:	_____		
Business of Meeting: (MINUTES recorded on the following attached pages)			
	- Consensus from last TG conference call was to pursue an approach of rating storm windows in conjunction with specified reference products, similar to the approach use for applied films.		
	- Will verify this with the Technical Committee		
	- Re-confirmed at this meeting.		
	- Discussion about appropriate reference products:		
	- Need appropriate conservatism.		
	- Should air leakage be considered?		
	- Need to maintain simplicity.		
	- May pursue a small research project to fund some trial simulations.		
	- Use a "good" and a "bad" window?		
	- Use a single product?		
	- Conference calls planned between now + Denver meeting to consider further.		

- Discussion about storm doors:
 - Consider frame material?
 - Consider color?
 - Rate in conjunction with a reference door?
 - Rate as a stand-alone product?
 - How to distinguish between "doors" and "storm doors"?
 - How are storm doors addressed in typical building codes?
 - Should ~~the~~ storm doors be rated at all?
 - Storm doors need a vehicle for qualifying for tax credits.
 - IECC addresses storm doors in the
