

## Storm Window & Storm Door Task Group

March 3, 2008

Recording Secretary: Tom Culp

Discussion whether storm doors should be addressed by a separate task group.

Task Group recommends that:

- door work be moved to the separate Storm Door Task Group
- name of this task group be changed to the "Storm Window Task Group"
- change the scope accordingly

NFRC 100 and 200 technical procedures for storm windows balloted. Ballot responses will be discussed under the U-factor and SHGC subcommittees.

Conference calls will be held following this meeting to develop draft PCP language and label.
