

NFRC Storm Window TG, Chicago.

7/28/08

- Call to order 8:40 a.m.
- Anti-trust reminder given.
- Review of NFRC 100 + 200 ballots
 - Is it appropriate to deviate from U-value, SHGC and VT ratings?
 - Need to keep it simple.
 - Need to differentiate from ratings for whole fenestration products.
 - What reference product should be used?
 - Currently proposing to use the same residential product used to rate films.
- Much discussion. No actions taken. Both ballots were unsuccessful. Will continue to deliberate at future TG conference calls.
- Adjourn, 9:05 a.m.
