- Staff: Scott Hanlon, Ray ( Bill Lingnell and the TIPC members, welcomed Mr. Scott Hanlon as the new staff Liaison for the TIPC committee).
- Other: Bipin Shah
- Approval of minutes, April 13, 2006 conference call.  
Approved by consensus vote .
- Pending Business:
  - 1) None
- New Business:
  1. TIR-2004-10 request from Air Ins.  
Request: What is the size for the large Calibration Transfer Standards (CTS) if a lab has to test 2000mm by 2000mm size sample?  
Action: Tabled until staff surveyed all NFRC accredited test laboratory to determine the smallest and the largest CST sizes they currently use. Staff to circulate the information to TIPC committee before the next conference call.
  2. TIR-2004-11 Request from ATI-PA  
Request: How is a skylight which is sold with an interior diffuser rated?

Interpretation: Only the exterior mounted portion of the skylight is rated. Any interior tube or diffuser which is not an integral part of the skylight is omitted from the calculation.

Approved : 4-0-0.

3. TIR-2004-12 Request from ATI-PA

Request: How is a skylight with a solar tracking device (mirror) installed in it rated for U-Factor and SHGC?

Action: Tabled till pictures or drawings detailing the solar tracking device is obtained. TIPC Chair asked staff to obtain the pictures from the simulation lab or the manufacturer.

4. TIR-2004-13 Request from ATI-PA

Action: Need specific language for TIPC to consider. Only drawing is presented.

5. Simulation manual update (Robin Mitchell).

Bipin Shah informed TIPC members that he has received the draft simulation manual from Robin Mitchell for use during the Simulation Certification Workshop. She has requested that manual is complete however more document reviews and comments are needed from NFRC simulators. TIPC should approve the manual before or at the NFRC summer meeting. Jeff Baker, requested TIPC Chair to consider review and approval of the document before the NFRC summer meeting. Mr. Shah requested Scott Hanlon to review the simulation manual as staff and provide comments to Robin Mitchell.

6. Next schedule meeting: 7<sup>th</sup> of July, or 10 July  
(Jeff Baker and Scott Hanlon would prefer 10<sup>th</sup>).

Adjourn
